Janet

Yes we will wait on the BCD. I also am waiting for written approval from John Grainger.

Thx.

George

The brands vehicles could amount to 158075.89, but I would suggest we wait on the BCD until the vehicles come in, because the amount could change a little bit as these are still projected costs.

I approved this pending John Grainger's written authorization to me for the 7th vehicle. An email or memo to me would be good. What is the total cost of the 7 vehicles? If it is below \$156,000 we are fine. If it is above we need to do a BCD moving authority to the 3000 equipment category.

Thx

GHH

Ronda:

Line Item # 61: we would like to add the rear doors to the extended cab. The rest is fine.

Line Item # 62: we would like to add (1) one more truck for a total of (7) seven to that order with "NO"

specification changes.

Line Item # 63: No Changes

Hi Ray,

Here's how it came out on your line items. Let me know how you wish to proceed.

Thanks,

Rhonda
